

**EURO
BRAKE**

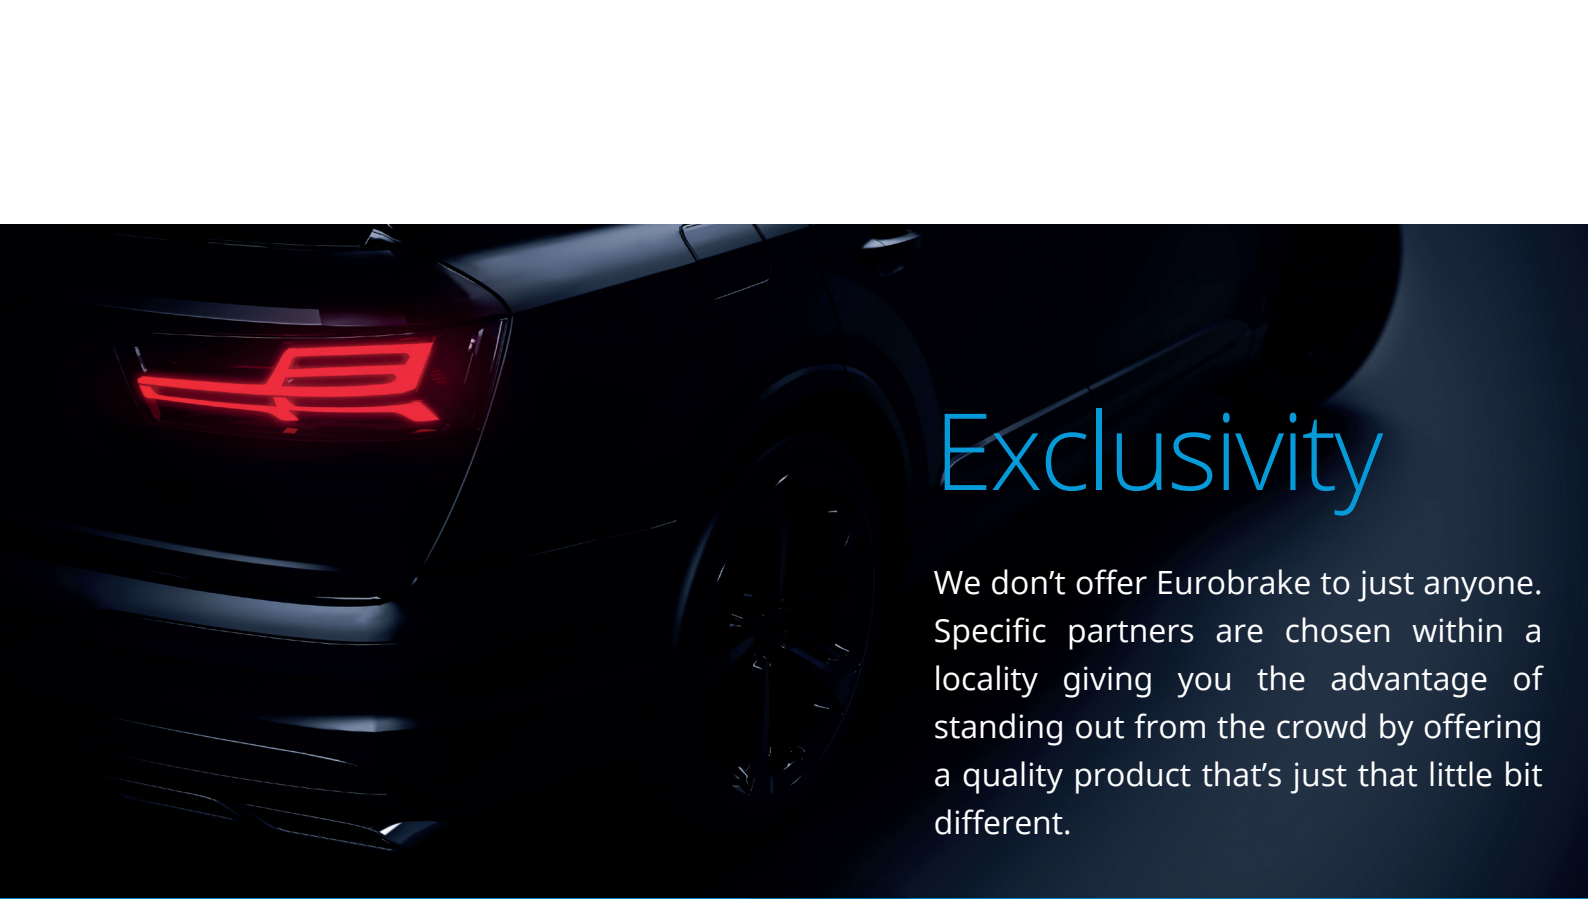

FOR A
SAFER
JOURNEY

Pads | Discs | Calipers

Braking the boundaries of performance versus price with a comprehensive range of quality brake parts.

Exclusivity

We don't offer Eurobrake to just anyone. Specific partners are chosen within a locality giving you the advantage of standing out from the crowd by offering a quality product that's just that little bit different.

Why Eurobrake ?

Eurobrake's objective is to offer you a competitive alternative to the premium brands. A reliable alternative for your high volume wear parts with a comprehensive range to meet the volume part of the european vehicle parc.

Designed and engineered to meet the significant demand for cost-effective braking solutions, Eurobrake have an ongoing commitment to product development, continually improving specifications to satisfy the demands that become greater from speed and comfort in today's modern vehicles.

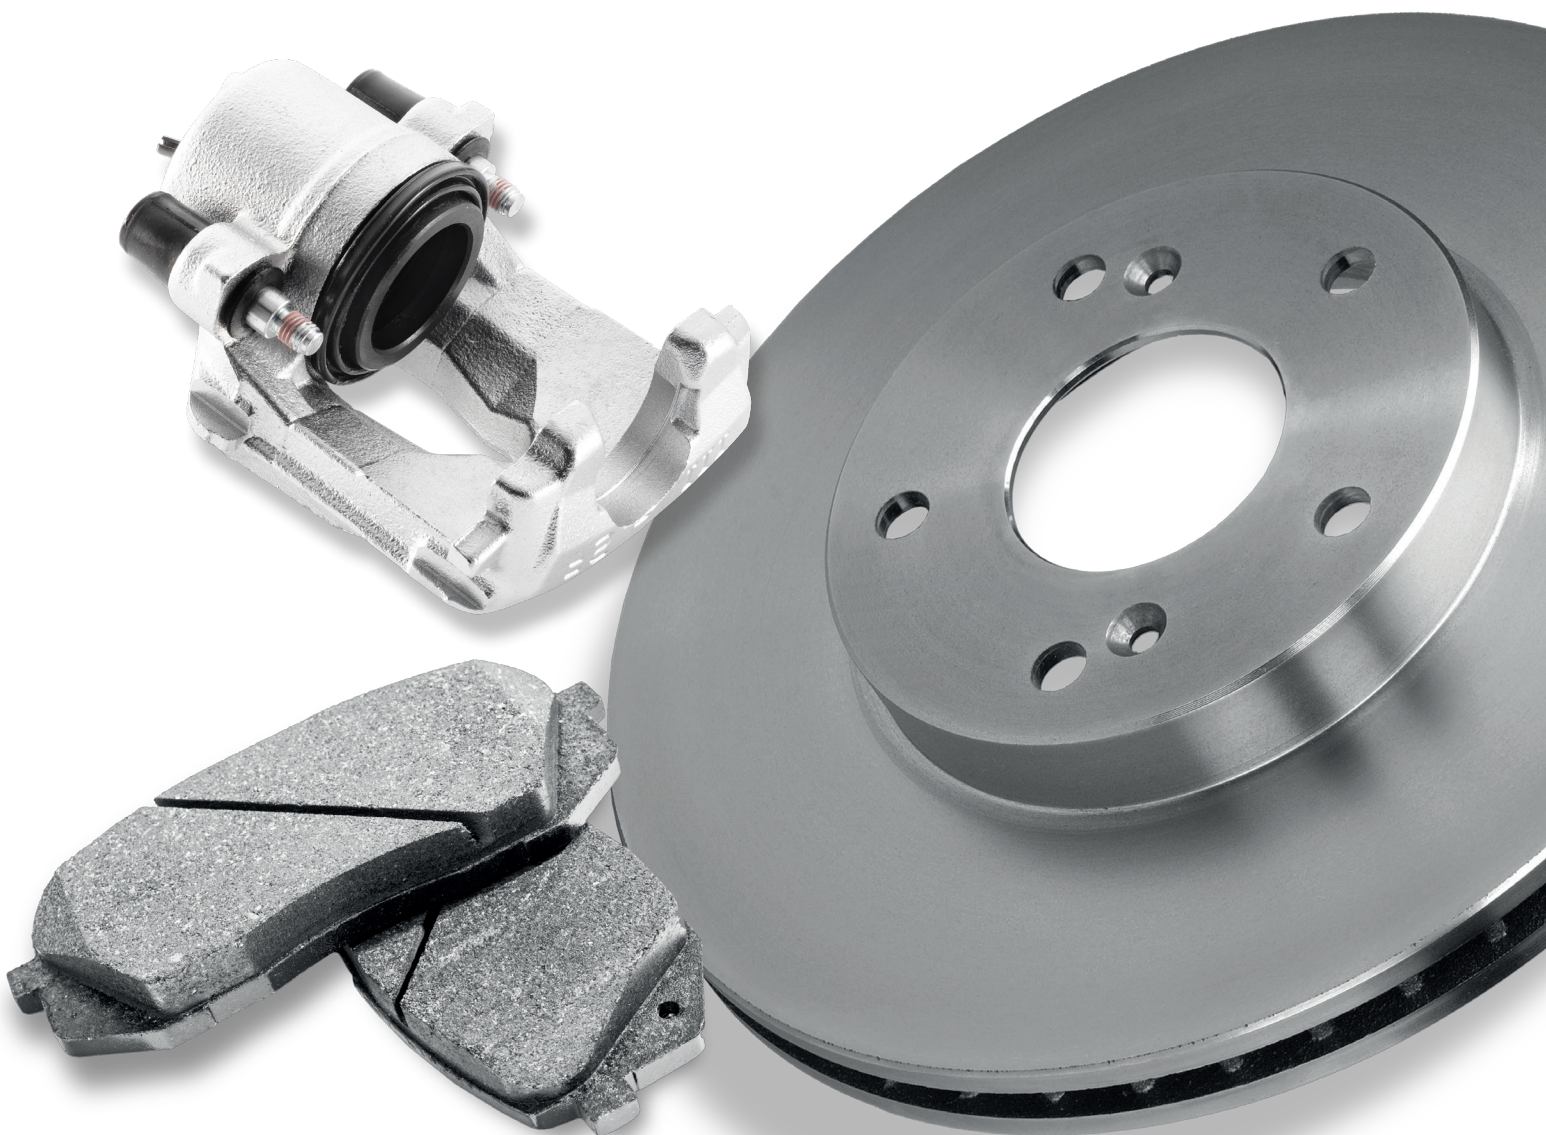

Constant range development helps Eurobrake stay ahead of the competition and a 3 year warranty across the entire range gives you everything you need for the perfect alternative.

- A competitive alternative to premium brands
- 3 year warranty (25.000 km wear warranty on brake pads)
- Manufactured to OE specifications
- Reliable quality with very few claims
- Selected partners only, offering local exclusivity
- Ongoing range development

Safety critical wear products

The Eurobrake OE quality range is covered with a comprehensive 3 year warranty, including a 25,000 km wear warranty on brake pads.

Pads | Discs | Calipers

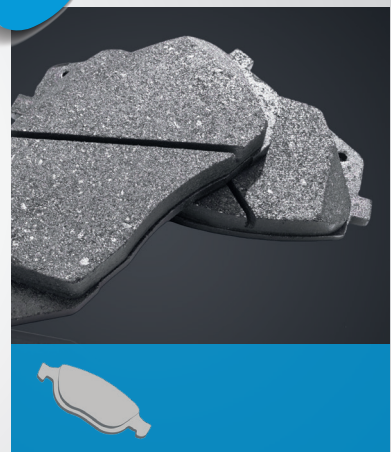

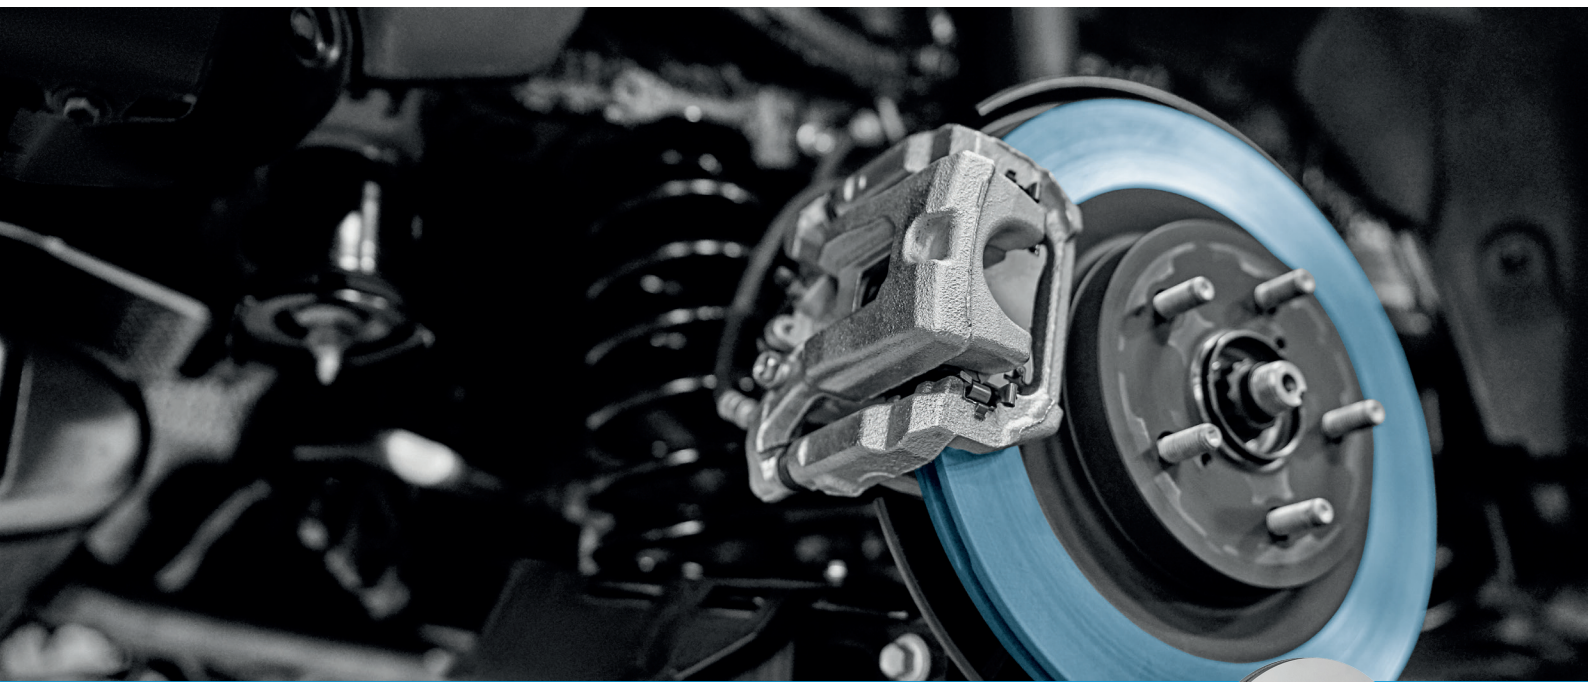

25,000km wear warranty
